

# AMBIENT units

## Industrial Air Cleaners

**SAU-X5**

Avani's newest design  
2340 CFM

Ambient Units provide a convenient and economical way to filter air impurities in almost any location. To use, simply hang the unit in the desired location, plug in and turn it on. They have 3 speeds for general ventilation areas. The units are manufactured from heavy gauge steel, powder coated, with a built in control panel timer and a remote control.

Shown with optional fume arm attachments

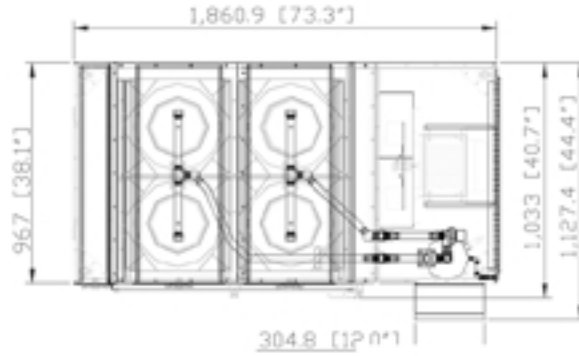

## SAU-770/SAU-1800/SAU-3000

760 CFM &  
1800 CFM

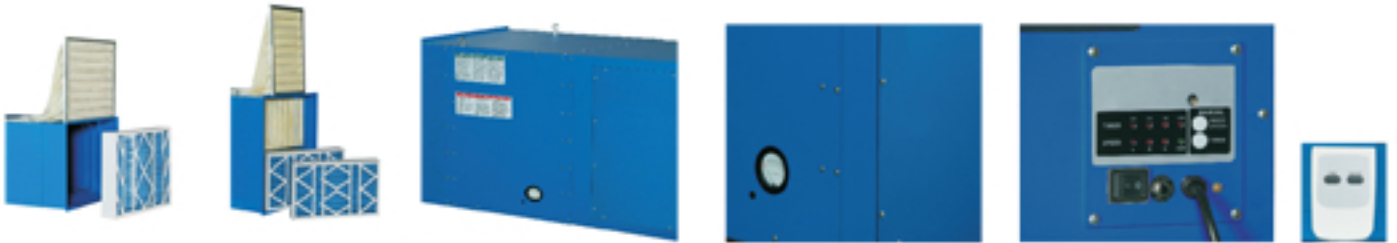

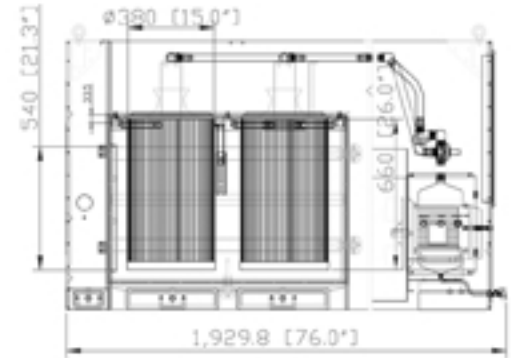

3000 CFM

### TECHNICAL DATA

Model number	<b>SAU-X5</b>
Motor	5 HP
CFM	2340
Aluminum Filters	(2) 440x540x22mm
Cartridge Filters	(4) 380x660mm

### TECHNICAL DATA

Knock-down design can reduce 40% of shipping space & cost.

Manometer signals filter cleaning cycles
